

GIROVEND

VISITOR CARD UNIT & REFUND UNIT

The GiroVend Visitor Card Unit dispenses a configured cashless payment card for a set deposit which can be loaded with funds using any of the GiroVend Loaders, allowing visitors to purchase goods on a cashless site.

The GiroVend Visitor Card Unit can be used in conjunction with the GiroVend Refund Unit enabling the visitor to refund any remaining balance on their card. Two refund options allow the visitor to refund the card balance plus the card deposit with the unit retaining the card or alternatively the unit will refund the balance on the card, returning the card to the visitor providing additional flexibility.

KEY BENEFITS:

GiroVend Visitor Card Unit

- Maintain a completely cashless facility
- Allow contractors, visitors and guests to use cashless facilities on site

GiroVend Refund Unit

- Maintain a completely cashless facility
- Two refund options

GIROVEND VISITOR CARD UNIT
